

Dear Prince of Peace Sunday School Parent:

Greetings!

I wanted to take this opportunity to invite you to consider participating in our Children's Choir/Sunday School Class this year. We offer this combination program as a way for our children to have a Musical/Arts experience that compliments their Christian education. As part of the Sunday School setting, each Sunday will include a Bible story lesson as well as activities that will focus on praising God with our musical and artistic talents. During this time, we will set about learning scripture through song and recognizing the powerful role music can play in our faith and, indeed, in the whole of our lives. As part of this experience, our children will participate in worship as a choir throughout the year at our 9:30 am worship service. In addition to offering music at worship, this group will be the core music leaders for the Sunday School Christmas Program on December 15<sup>th</sup> at 4:30 p.m.

I hope you will seriously consider this combination class as an opportunity for your child to take part in Sunday School AND experience the arts!

If you would like to register your child for this class, simply complete the Sunday School Registration Form. On the form, select **Children's Choir & Sunday School** as your child's "grade in the fall."

You can also email me at [jbanks@princeofpeacedublin.org](mailto:jbanks@princeofpeacedublin.org) or contact me by phone at (614) 766-6377.

Blessings,

*Jeremy*

Jeremy Bankson  
Director of Music

Greetings Sunday School Community,

The Children's Choir is excited to begin this new year, and we would like to invite any interested children from grades 2-5 to join us in song! We hold rehearsals Sunday morning in the class room #1 at 9:30 a.m. for 40 minutes followed by a WHIRL lectionary bible lesson. In addition to learning about music and worship, our goal is to offer music on a regular basis in worship.

In addition to the Children's Choir, keep an eye out for more Music Immersion Events! It's a sampler of different music and arts activities open to all children.

Let's start singing!

*Mark*
